The coast is beginning to feel an interes in \* \* Wor c's fair and will co its share handsomely in the way of a dis-Day. A general 400e is expressed that America will not sacrifice beauty and I we Occasions on Which He Is Known to wor at to how and advertising. Art pecomes no onger art when it is obscured by one orice mark, and iterature suffers certain city a few years ago a beautifu. monument was built to the memory of the boys who lost their lives in the war for the Union. The inscription read:

Exected in memory of the Brave Men who laid down their lives for the Union as a mark of love and lasting esteem, by their fellow natribts and loving friends at a cost of \$150,000

After a long, severe argument, nowever, wiser counsels prevailed and the price was structen out. The grans-Missouri country wil entausiastica, y go in for a good showing, and will also attend the fair prepared to figuratively knock out the eye and gather in the Etruscan pers of the great nations of tie eart i.

Ca ifornia, among other salient features, is the proud possessor of what is called an average rainfall. Every child even knows what it is now, what it was in "78 and as far pack as history extends, Fourteen to sixteen inches will co the pusiness in agricultura, districts very well, out this year it has been from 40 to \_C inches, according to the locality. The Santa C ara vaney has wetness enough to last for four years, and yet on y in low parts of the country will crops; be delayed or in ured by the great rain a ..

Lasset a we... known rai\_roac man the other cay what he thought would be the general effect on business if the government should take charge of the railroads and lelegraphs. He said he thought it would be anything out sootaing. "In such an event," said he, "business would be supverted to bolities, I tains. On e ection day trains would be delayed and voted in the couptful states. Washouts would give arge party gains to the ruiing powers. Te egrams would be affected more or ess in the rapidity of their light by rieir political tenor, and the acministration organ would be able to get Suncay trains for its mammot i editions, while the opposition paper would run of the track or be held for orders. We can get a the corruption we need. think, without extending its scope or possibilities. 🛴 would have to see a 🖂ester street nester rewarded by being made a governmen train disparcher on my roac. You can equeate a postmaster pretty well in four years, out you take a green politican and try to make a train dispate ler or a division superintendent out of him and you are liable to be bitterly disappointed in him."

We had ast week on the train a sty e of passenger common toy this free country. He was a Russian by birt; and had made some money in this country by a happy accident in the price of rags or the succen advance in oid clothes. Doubtless in his o chlome across the ocean he had s ept as night on a neap of straw and eaten the prunette oreac of the plain peop.e. Here he had made money under the fostering care of our free institutions and roce in a seeping car. Vu.garity had early inarted him for "ts owe. anc so, even wit ia six nat and an overcoat with a fur conaron it, one could see that he would be more at home sleeping in the off of a ivery stable with his whiseers full of parley straw.

He found fault with every ling, and in har' an hour rac won his way to the hearty and cordial hatred of every one in the car. He asked me what I haid for my pertanto San Francisco. I told nim, out Told alm'two collars less than the price because he was well calculated to call for in that sinc of an answer. He was with. Ee wanted to jump off the train and go back to the office to get his two codars pack. I then posted the other passengers, and they came and pitied him til he frother at the mout i.

"WE ALL PITIED HIM,"

People fold him that the company must have a prejudice against him for something. Every one pitied him and dens sorry for him. Finally we got to working the same thing on him in other directions. We would ask him what he paic for his cinner and his obser meas. Then we would find out that he had been rossed again. We would out truit of the train boy, according to a previous arrangement with aim, as a price at least 50 per cent, selow what he could get the same goods for. Then we would go over and feel sorry for him, and ask him if a gaie to nestoecaus need reve had en might of the lacy's room, 927 that if Nillist or of belonging to some cties

and he arummer. Much excitement, people Dicked on Lines, until finally be was excited and money rapidly changed. 20180 mad that large scalding tears of and fell on the rich tabestry of the car. Ers only so ace at this time was to torn frequently upon his wife and curse her in corcurey profanity such as is on y found.

in Russia with fur trimmings on it. Ee was the meanest old prute I have seen since Mi Bender dropped out of society, and I was not sorry to help him while away a tectous ourney by soncaing him gent y, ever and anon, on-the only place where the old pachyderm

Have Been Augry. Special Correspondence

STORES OF G. W. C- \_38.

PHILADELPHIA, Apri 10.-Vi c., gental when it becomes a reading notice. In a and given e as Mr. G. W. Childs, of The Parace paia Ledger, is snown to be, Lieue are at east two occasions on record, when he has shown something a sin to anger, but it is more than probable that the recording angel pastlet fa a coup e of tears that plotted out the record of those two abses from us usua scienity of manner and gent en as of speech. Jor it is pretty cortain that refet himself fully ustifier, which could ess had its weight in the udgment of that good ange.

On one occasion the writer of this was in als office and for an lour waterec nim as he received the motey collection of unfortunate persons who came there for aid. Mr. Chi da sat in his chair, and each person came forward from the outer office to the small inner one, which only new nimself and the one person.

"And what do you want?" he would say kindly and sympathetical v, and then' the person, man or woman, would be als tale of sorrow or suffering, and Mr. Cauds would say nothing more than to asa now much money was needed, and tien, without a moment's nesitation, nanc out the sum recuired and cut short the thanks a most prusque y and hurry the Derson out, to go through the same formu a with another.

No unworthy person could withstance one mile and trustful sinc mess in those eyes, that were fall of tears more man once that day as some simple out sorrowfu, ta e of misery was told him. Ze nad an contuary poem but into the paper for a poor o a woman's ceau granconic. and ne gave a prosen cown printer money w start a ob office, and no small sum, either, and he gave a man money to bury are wife and new born baby, and a newspoy money to buy a bootblack's ait for aittle friend who did not but in his anpearance. A., these applicants and very many more, from the proken panker to

the sick book agent, went away re oicing-A ter there had been many of these visits there entered a lank and oily long haired man, who at once opened out on the evils of giving money to beggars and persons who might go right off and spend it in riotous living, if not in wine hisoing, and wound up by asking Mr. Chica to give a prousanc do lars to he ba missionary church society. Mr Chics rese up in 115 pace, and 115 usua y resy co.or gave nace to one still roster, while nis eyes fair y snapped fire as he said: "Noz a cent, sir, not a cent; get out"

The other time was when the political zettle was just beginning to simmer, before the nomination of Hayes, and there was a party very anxious to obtain Mr. Uni as' consent to a nomination for presicent, and among a. those prave mentuers was not one who care proach the subect to um. So they found a woman who snew Mr. Cni.4s, and who did not know his deep rooted aversion to office Boscing, and who thought that the word sae brought was going to bring nim pleasure, and she was proud to be the bearer of so important a message.

The good man istened as the ady unfolceo ner tale, but she grew frightened as she proceeded, observing that instead of receiving the news with price and a fee ing that it was but a just and ceserved expression of the sentiments of nis good friends, clouds gathered over nis usua y benign features, and sae grew confused and frightened at her temerity, out persevered unit her erranc.

"You te those—trose—cowards, who put an ignorant woman lo co what they care not come and say themse ves, that ". seethem — I mean—allem, we for reasons of my own I decline-irrevocaby and entirely. And now, my dear macam, you needn't be so frightened, for you've cone no wrong, on y you've been made a catspaw of. Let me acvise you to serpout of postuce forever, as I sha ... Good cay.

EELEN ASHTON,

Easier Said Than Done. Patient-I say, coctor, what sort of a ump is this on the back of my neca? Doctor-It is not mig serious, but I would advise you, nevertheless, to keep your eye on it.—Texas Siftings.

Pa's Quiet Hint. Miss Eigusee—Pa, coes it nurt to have tae ears piercec? Mr. Eighee-What makes you ask that question, Lucy? Are you going to sing?

—Burlington Free Press.

## The Tariff Bill Reported.

with a statement of the Inapelal siqua bound. hion. It estimates the surplus, at the Mr. A. G. Thornton returned Tuesday end of the present Escal year, will be from his trib to Europe and went imme 852,000,000, and deducting the sum reand those desiring rooms or cottages penditures will be \$43.679,000. The estimated surplus of the next fiscal year will be \$43,570,000, which, with the able, reaching nearly \$90,000,000, will justify the reduction of the revenue as contemplated by the him reported, \$30,-

The report further says that in al. Mr. and Mrs. Arthur Merriam, who re- week, during the high wind, sparks were tariff will result in decreased importathis country in order to develop the rest has been made. At is believed this the increase and diversification of home is lumme, the man argence at Co orago, products giving fair returns to the pro-City and held so long, charged with the ducers and lair wages to A nerican work- the democratic members of the commitoffense. Lybrac. Eurran for you and square said is has even been taken to effect the price not of the imported out of the hass and relies, were stolen by Mexical tracked.

Lie education of the lies of the contents of the contents of the cans.

In 1889 the cuties collected on importec sugar and molasses amounted to 855,-975.610. Acc to this the increased price of comestic sugar arising from the duty and it is clear the cuty on sugar and moasses made the cost of sugar and molasses at least 864,000,000, or about one collar for each man, woman and chief in the United States, more than it would be it no such duties were levied. Even on the assumption that with the proper encouragement, we shall eventually be able to produce all or nearly althe sugar required for the consumption of our people, this encouragement can be given much more economicany and effectually by a bounty of two cents per bound, involving an expenditure of out little more tian 87,000,000 per annum with the present production of sugar in this country, than by the imposition of a cuty invo ving the collection of \$55.875.610 in duties as in the last fiscal year, not to mention the amount indirectly involved, In providing that not only raw sugar, out also sugar including No. 16 be acmitted free of cuty the opportunity is Washington, April 16 - The reports given for the free introduction of yellow of the majority and minority, of the rangement will secure the neon's sugar cay to Yr. N. C. zowe a sec. 34, and ways and means committee on the tariff at the lowest price existing in the marof were presented to the louse tals at sets of he word, waile even imported white refined sugar will be subject to a termoon. The majority report begins white remed sugar was do one cent per

Coming to agricultural products the reports says the committee has given much time to an investigation of the existing conditions of agriculture and kindred matters. Referring to the preparations for a very busy season there fund, the net surplus of receipts over ext widespress de pression of this industry. the report says the enemies of the protective system have no word of criticismfor the real causes of the agricultural debression, no suggestion of relief from amount of cas mow on Lanc and avail- the bureeus which are weighing it down to Cay; but, seizing the present as a falvorable time they solemnly charge that the decline in our market is so ely due to the tarra. They are pleased to ig-637,000, and probably more, from cust nore the fact that one of the purposes of toms and \$10.228,000 from the internate the protective tariff is to hinder the still larger importation of foreign products and thus save the market 'rom still greater depression. In conquision, the report cases except in that of tin he increased says of the advanced duties on agricultura products, that they are orthe most part on articles which this country can produce to the extent of our wants. The 1820y Woman it is Ers. J. W. Eaten, or four free were started at one time, that the committee aimed to but an in increase in the cuty wi reduce importaand der labbiness seemed to radiate and and on Tuesday other tres were caused, creased rate on manufactured goods and tions so that the revenues with not be ininfuse al about zer as age grasped the The greatest damage so far has been the farmeroducts which are producible in creased and our farmers will hold their own markets. The same result will follow ow insorder cases of increase and where nome market; that her committee was the revenue in special cases is increased. been error zed by a fre bug in a manner not so much concerned about the prices the increase will be far less than indiof articles we consume as to encourage cated by a computation based on the theory that importations will continue as, arge as under the old cuties.

The minority report is signed by all the principle of just and equal taxatio. The committee admits that free trade upon an according to their ability to
